CAREER OBJECTIVE

As a passionate Flutter developer dedicated to creating innovative solutions and solving complex problems, I am driven to build a fulfilling career as a software engineer. Committed to excellence, I am eager to leverage my strong coding skills and enthusiasm for learning to contribute to impactful software development. My objective is to continuously expand my knowledge base and develop cutting-edge technologies, making **meaningful contributions in the dynamic field of software engineering**.

WORK EXPERIENCE

Flutter developer   June 2023 – May 2024
Bringin Technologies Limited,
Dhaka, Bangladesh.
Letter of Experience
Responsibilities:

- Designed and developed highly scalable features using GetX state management and REST APIs.
- Optimized app performance through code refactoring and efficient use of Socket.io for real-time updates.
- Successfully implemented Agora SDK for in-app voice and video calling, enhancing user engagement.
- Collaborated effectively within an Agile development team, adhering to CI/CD practices.
- Maintained clean and well-documented code, ensuring maintainability and code quality.

App I maintained: Unbolt
App I developed:

- Getfit
- Getfit Professional

EDUCATION

Government Brajalal College, Khulna   Daulatpur, Khulna
Bachelor of Business Administration in Accounting   August 2021 – Present
